OVERVIEW

SUGGESTED RETAIL PRICE **£2499**

Kymco Road Legal ATV's

Classed as quadricycles, the KYMCO range of Road Legal quads are registered as a Private Light Goods Vehicle and qualify for one of the lowest bands of Road Fund Licence. They can also be registered as a Special Concessionary Vehicle if used in an agricultural/horticultural / forestry environment, where they will benefit from zero-rated Road Tax.

Superb Build Quality and Engineering Excellence

The MXU 150RL is a fully automatic, lightweight, dual-purpose sports utility quad. Perfect for smallholdings, stables and paddocks. This is the smaller of Kymco models with a towing capacity of 100kg, ideal for non-heavy duties, due to its lightweight build and easy manoeuvrability.

Designed for the professional and semiprofessional markets and inheriting KYMCO's proven pedigree for build quality and engineering excellence the MXU 150RL benefits from an automatic gearbox and adjustable suspension, making it practical, comfortable and easy to use.

Road Legal with a host of features

Powered by a 151cc - 4 Stroke Air Cooled Engine (OHC), this

ATV is a fully homologated Road Legal machine, compliant with Euro 2 guidelines, which means that compared to traditional off-road quads they provide increased fuel efficiency, reduced emissions, and lower noise levels.

The MXU 150RL comes with a host of features fitted as standard, including an adjustable suspension to improve rider comfort, front and rear disc brakes, electric and pull / kick start, fully enclosed footboards, tow hitch, foot brake, front and rear carriers, digital display, chain drive and dual purpose tyres.

2 -Year Warranty

All KYMCO ATVs also come with a full two- year parts and labour guarantee.

Kymco have negotiated a competitive insurance package for On-Road Quads, in conjunction with our insurance partner MCE, who can be contacted directly on 0870 112 23 70.
