Kymco Road Legal ATV's

Classed as quadricycles, the KYMCO range of Road Legal quads are registered as a Private Light Goods Vehicle and qualify for one of the lowest bands of Road Fund Licence. They can also be registered as a Special Concessionary Vehicle if used in an agricultural/horticultural / forestry environment, where they will benefit from zero-rated Road Tax.

Superb Build Quality and Engineering Excellence

The MXU 300RL is a fully automatic, lightweight, dual-purpose sports utility quad. Designed for farming, forestry and horticulture, with a towing capacity of 227kg, the vehicle's automatic transmission with High & Low gear make it ideal for manoeuvring and towing across multi-terrain environments without causing undue wear and tear to the engine.

This professional ATV has a powerful 4-stroke liquid cooled 270cc engine, automatic transmission, with high and low gear ratios, dual-purpose tyres, front and rear carriers and features a low maintenance shaft drive.

Road Legal with a host of features

This ATV is a fully homologated Road Legal machine, compliant with Euro 2 guidelines, which means that compared to traditional off-road quads they provide increased fuel efficiency, reduced emissions, and lower noise levels.

The MXU 300RL comes with a host of features fitted as standard, including an adjustable suspension to improve rider comfort, front and rear disc brakes, electric and pull / kick start, fully enclosed footboards, tow hitch, foot brake, front and rear carriers, digital display, and dual purpose tyres.

2 –Year Warranty

All KYMCO ATVs also come with a full two- year parts and labour guarantee.

Kymco have negotiated a competitive insurance package for On-Road Quads, in conjunction with our insurance partner MCE, who can be contacted directly on 0870 112 23 70.
