OVERVIEW

SUGGESTED RETAIL PRICE **£2149**

**Retro chic scooter at an unbeatable price.**

These high quality retro style mopeds offer the latest 21st technology at an affordable price. Cleverly styled by Italian designer Massimo Zaniboni, who took his inspiration from classic scooters of the 1950s and '60s.

Underneath its retro exterior the LIKE 200i is powered by a fuel-injected engine which offers a 60% increase in power over its 125cc brother. With a top speed of 75 mph, coupled with a long wheelbase and 12-inch alloy wheels for added stability, the LIKE 200i is perfect for the city commute and day or weekend trips.

**Fuel-efficient and Environmentally Friendly**

Featuring an automatic transmission (so simply twist and go), the LIKE 200i is a modern day scooter powered by the latest low emission 4-stroke 163cc air-cooled engine, making it greener and more fuel-efficient, capable of achieving in excess of 100 miles per gallon

**Pretty and Ultra Practical**

This scooter is definitely a looker due to the finish, build quality and retro details including chrome mirrors, pearlescent paintwork, wide body panels and a chrome surround halogen headlamp on the handlebars. It is also a practical tool, with a large lockable glovebox up front (with a 12-volt socket inside) storage space beneath the seat, and a handy top box which comes as a standard fitment and can be quickly removed when you don't need it. A bag hook

at the front combines with a flat floor for maximum carrying capacity, while a neat cubby hole at the front will hold sunglasses, documents, a city pocket map etc.

The Like boasts front and rear disc brakes, twin shocks at the rear and telescopic forks which help to provide a comfortable ride. It is ideal for big city streets with nightmare traffic thanks to its small dimensions and outstanding agility. And it will also happily whiz down the motorways, the wide fairing shielding you from the elements, and the relatively large 12-inch alloy wheels and decent wheelbase keeping things stable. The instrument panel tells you how many miles you've covered and how much fuel you have and there's also a handy digital clock. Additional features include an electric and kick-start, automatic choke, steering lock, and centre and side stands

**2 -Year Warranty PLUS Fantastic Insurance Offer**

The LIKE 200i comes with a 2-year unlimited mileage manufacturer's warranty.

Kymco are running a fantastic insurance offer from only £49 on selected models.
