

# KR NAKED 125

SPEC SHEET

COLOURS 

## OVERVIEW

SUGGESTED RETAIL PRICE **£2699**

### Fantastic Design, Refined Performance

The Naked 125 boasts a new double beam cast aluminium alloy chassis, which weighs in at a mere 8.9kg, a 30% saving on the standard steel frame. Handling is incredibly agile and nimble through traffic, however riding twisty roads is where the KR really excels, its lightness and good handling enables quick changes of direction and spirited cornering to be easily achieved.

The bike's 'diamond shaped' lines work in conjunction with the wide frame to create that all-important street bike image. The 125 seriously looks the naked part with its ample headlamp that screams big bike, minimal fairing putting the engine on display, wide sculpted tank and bright paint scheme. The hi-tech theme has also been carried through into the design of the smaller utility parts, such as the indicators and digital sports instrumentation.

### Power and Performance

The KR Naked benefits from a revised and up rated 4-stroke, single cylinder air-cooled engine that has been developed from the power plant fitted to its sibling, the KR Sport. With a maximum torque of 9.9Nm at 8000rpm and a top speed of 70mph, great for swift overtakes, the Naked 125 definitely delivers on performance.

### Agile, Nimble and Exhilarating

Everything about the KR builds learner confidence,

especially the low 800mm seat height, comfortable upright riding position that gives you a good view of the traffic ahead and ample steering lock for easy U-turns – the bane of the learner's life. Plus it is very easy to ride, handles well and has good brakes and light controls.

The KR Naked features several other additional technical developments, notably, the all-aluminium front fork and steering yokes, high & low speed gear alignment and exhaust performance. To improve the bike's travel range, the size of the fuel tank has also been increased to 13.5 litres.

Other features include: electric and kick-start, automatic choke, lockable under seat storage box for helmet, shopping or waterproofs, steering lock, rear carrier, centre and side stands.

### 2-Year Warranty PLUS Fantastic Insurance Offer

The KR Naked 125 comes with a 2-year unlimited mileage manufacturer's warranty.

Kymco are running a fantastic insurance offer from only £49 on selected models.
